Objective

This webinar aims to illustrate how the EU Charter works in digital settings and how to use key online resources to apply it in practice. By the end of the session, participants should understand when the Charter applies, where to find authoritative online resources, and how to assess the benefits and risks of AI tools in legal practice. As an interactive webinar, it also gives participants room to test their knowledge, discuss real-world use, and leave with tools they can use immediately.

Who should attend?

Attorneys, judges, lawyers, ministry officials, notaries, staff of NGOs and IOs.

You will learn...

- How to identify whether the EU Charter applies to a digital case
- How to recognize EU Charter rights regarding online and technology-related issues
- How to use the EU digital tools and online resources regarding the EU Charter
- How to spot key risks of AI use in legal work

Interactive Online Seminar

The online seminar will be hosted on the **Zoom** videoconferencing platform. You will be able to interact immediately and directly with our top-level speakers and other participants. We will make the most of the technical tools available to deliver an intensive, interactive experience. The highest security settings will be applied to ensure that you can participate safely in this high-quality online seminar.
